Dear Parents,

Greetings from St. Montfort School, Bhopal.

Through I have requested to the parents last year again it's my humble request that if your ward is coming to school by private vehicle (zero number). **Kindly sent the name of the driver, conductor along with their mobile number, copy of the license and report of their police verification.** It is a must for the safety of every child. **It has come to our notice that there are few drivers who bring your ward has no license to drive vehicle.** Kindly treat this as most important and urgent for the safety if our children.
