HOLI CELEBRATION 2019-20

The celebration of Holi is a celebration of the triumph of good over evil, a carnival of colors, a community festival and a tradition of ancient spring rites. The student of class XII A&B conducted a special assembly on this occasion of colors which was an amalgam of entertainment and information. To understand the religious significance of Holi, students explained the story of Prahalad and the way it is celebrated in different parts of the world. The students presented a play presentation on how our soldiers celebrate Holi by guarding and securing our borders so that the citizens of the country could have a peaceful and joyous celebration.

The Festival of Holi is the time of fun and frolic. The spirit was aroused through a wonderful and humorous "Kavi Sammelan" by the students.

Emphasising the need for precautions and safety, the students informed the school how to celebrate using eco-friendly colors. The assembly ended on a note of high spirit and energy with riveting dance performance.

Also, Pin-up board result was announced to add more colors to the festivity. The Principal, Rev Bro. Monachan K.K. wished everyone a Happy and safe Holi
