

## **ST. MONTFORT SCHOOL, PATEL NAGAR, BHOPAL**

### **Report on Fun-day**

On 16<sup>th</sup> of July 2022, St. Montfort School organized a fun-filled yet colorful activity day for the children of kindergarten. It was a day especially for the little ones to enjoy it with a sumptuous bowl of fruit salad. All the classes were decorated with a particular color object given by the children. Every class was allotted a different color and a fruit to each child for the preparation of fruit salad. It was a magnificent day jam packed with learning, enjoying and awareness about health benefits of fruits and their importance in our lives. Teachers explained how every fruit is different from one another on the basis of its shape, color and taste. Today the students experienced the joy of sharing, togetherness and happiness. They came with a big smile and left with an even bigger laughter. Another day was added to their memory lane to be cherished throughout their lives. At the end of the day it proved indeed, to be a fruitful day.
