REPORT ON CLAY MODELLING

“You can’t use up creativity, the more you use, the more you have”.

Tiny Montfortian of class I and 2 participated in the clay modelling activity, which was conducted by art and craft club on 26th April, 2022. The touch and feel of clay have a naturally relaxing quality. They pounded, squeezed, rolled and blended the clay to make some unique and amazing objects like butterfly, caterpillar, fish, fruits, etc. The little hands worked smoothly to fulfil their hearts desires. The activity was indeed a great way to develop imagination and sparkle creativity to think out of the box. Winners were awarded with certificates.
