Maths Model Making Competition -Report 2022-23

"Doing mathematics should always mean finding patterns and meaningful explanations"

In order to nurture cognitive skills such as logical thinking, problem solving and planning in children, Maths club organized Maths Model Making Competition for the classes 3rd to 5th on 28th September, 2022. Total 18 models were selected three from each section by the respective class teachers for the final round.

All the students participated in the competition with lots of enthusiasm and positive spirit. Students converted their theoretical knowledge into practical knowledge and acquired real - time experiences. It helped them to grow their skills and thinking capacity along with building the confidence level for the subject.

ENGLISH CREATIVE WRITING CLASSES VI-VIII (22-23)

“Writing is the painting of the voice”

An English Creative Writing Competition was organised in St. Montfort Senior Secondary School, Bhopal on 27th September, 2022, wherein 2 participants from each section of classes VI-VIII participated. The completion was conducted in the activity period.

This competition gave students a platform to learn how to express their ideas and views in story forms. This competition helped students improve their spelling power, increase their vocabulary and enhance their writing skills. As a result, children were able to write more effectively.

Prior notice had been circulated about the various rules and regulations regarding the same. Writing sheets were provided by the school. Students were given opening lines on spot according to their levels.

Opening lines for different classes were as mentioned below:

Class VI- There lived a kind king who had two sons....

Class VII- On a chilling foggy morning...

Class VIII- If I would be....

The participants were all set and confident to pen down their thoughts into creative stories. They wrote some very creative and eye catching articles. The compositions were very vivid and impressive.

Participants were judged on the parameters of grammar, interesting story line and relevance to the story line.

The winners for the competition are as follows:

Life Skill Activity Report

Life skills are essentially those abilities that help promote mental well being and competence in young people as they face the realities of life. Life skills empower young people to take positive action to protect themselves and promote health and positive social relationships. Keeping this in mind life skill activity was organized for classes 9 & 10 on 24.09.2022.

Life Activity- **“If the Shoe Fits”** was conducted to enhance empathy, problem solving, inter personal relationship and resilience life skills among children.

Children enjoyed the activity and participated with enthusiasm.
