REPORT ON BEST OUT OF WASTE ACTIVITY

Little hands and imagination minds came together in a creative burst of energy during the "Best out of waste" activity which was held at St Montfort School Primary wing on 15th April, 23 for the classes 1 and 2.

The aim was to make children aware about the uses of waste material. The kids prepared very creative and innovative models and art items from different waste materials. They used reusable and recyclable materials like newspapers, shoe boxes, bangles, ice cream sticks and much more. From these items, they created an amazing array of items and useful everyday objects leaving everyone totally impressed.

The creativity displayed by the children was mesmerizing. We were glad to see the enthusiastic parents who took out their valuable time and made a special bond with the children helping them display their creativity.

The competition promoted artistic fervour in our leaders of tomorrow. The winners were awarded with certificates.
